

current
war on Iran / Venezuela
=> what are the
motives / consequences
war / allies

International relations

OPEC => top
oil exporters
in the world

what
will happen
when
the oil runs
out

oil as a
bargaining
tool

intends to sell
using other
currency

petrodollar
=> oil sold in \$

dependency
on petros

a world of oil

United States

US
economy

policy
makers

redlining
and segregation

"military"
defense

creation of the US
highway system

suburbs as a
product

car dependency

decline
of transportation
public

more cars
than people

winners
vs losers

car = topp.

there's always
seems to be a double
meaning to every action

Two Birds w/
one stone

=> seen as another way to
separate redlining / zoning
laws that were deemed legal
